**Sign up by February 15th and receive \$20 off a vegetable share.**

Please make checks payable to Starling Yards and mail to:  
Starling Yards 81 Echo Valley Road Red Hook NY 12571

## **Our Shared Commitments**

### **Member Responsibilities**

As a member, you agree to pick up your share(s) on your chosen day, during the pick-up window. If you have summer vacation plans during the CSA season, please consider choosing to make-up missed weeks (up to three) by extending the season up to three weeks in November. If you are otherwise unable to pick up your share, please make arrangements for someone else to retrieve it for you or give us at least 48 hours notice via email to arrange changing your pick-up day. Shares that are not picked up will not be refunded and will be donated to the local food bank. As a member you will receive an email in May that explains the specifics of the pick-up location, information on the Pick-Your-Own Plot, when to expect newsletters about each weeks shares and how to volunteer if you would occasionally like to get your hands dirty. As a member you agree to familiarize yourself with how to handle and store the produce in your share. Please check the website for handling and storage information for all the crops we grow. Keep in mind that we thoroughly wash the produce in the shares but we suggest you wash them again before using them in your kitchen. We will do our best to protect your shares while they are waiting to be picked up but it is always suggested that you come as early as you are able during the pick-up window to assure optimum freshness.

### **Sharing the Rewards**

In addition to the CSA, our farm sells produce and eggs to a select group of restaurants, wholesale distributors and farmers markets in the Hudson Valley. We balance the priority of the CSA with these other outlets allowing us to select a consistently full and diverse weekly share for our members while avoiding over-delivering any one product. During the high summer, members will have the opportunity to purchase at considerable discount bulk quantities of cucumbers, beans and tomatoes for pickling, freezing and canning. Please let us know if you are interested in putting food by for the winter and we can arrange for bulk purchases of storage vegetables if we have a bountiful harvest.

### **Sharing the Risks**

We are committed to providing you with bountiful shares each week. The quantity of produce, however, may vary from week to week due to extreme weather, insects or other production factors despite our best efforts. By joining the CSA, you are agreeing to share in this risk with the farm and your fellow members. We will do everything in our power to ensure that you receive high quality, fresh produce but there are no guarantees of the quantity or content of the weekly shares. As a member, you are coming together with Starling Yards and other members of your community to support the availability of local, sustainably grown food in our area.

### **Refunds and Cancellations**

Requests for refunds made by members prior to the fist CSA pick up will be refunded 60% of the total cost of all share(s) purchased. Once the season begins there are no refunds. You may transfer the share to a new Shareholder, who will then need to complete a new Commitment Form but you may not cancel the share.

We want to thank you for supporting our farm and the importance of local, sustainable farm fresh food in our community. We are looking forward to an amazingly rewarding season. Thank you for sharing it with us.
